GUEST LECTURE : ON THE OCCASION OF NATIONAL SCIENCE DAY

2024-25

Report

Date: 28/02/2025

The Department of Botany had organized a guest lecture on the occasion of national science day for the students of science ,arts & commerce on 28thFeb, 2025.

National Science Day is celebrated annually on February 28 in India to commemorate the discovery of the Raman Effect by Sir C.V. Raman in 1928. This day highlights the importance of science in daily life and encourages scientific temper among people.

Each year, National Science Day is celebrated with a specific theme. The theme for 2025 was “ Empowering Indian Youth for Global Leadership in Science & Innovation for Viksit Bharat”, emphasizing the role of self-reliant scientific advancements in India's growth. This lecture was successfully undertaken under the guidance of Hon. Principal Dr. U.V. Patil , Miss. A.B. Mamlayya Head, Department of Botany and other faculty members. The aims of this lecture is to promote the importance of science in society, to inspire students to take up careers in science and research, to recognize and honour scientific achievements, to encourage innovation and technological advancements include orienting students to campus resources and organizations.

Outcomes:

1. National Science Day serves as a reminder of India's rich scientific heritage and the need to invest in future scientific advancements. By celebrating this day, we not only honor the past achievements but also inspire the next generation to contribute to science and technology for national progress.
