Date-17/09/2019

Visit of Swami Ramanand Vidyalaya students to Department

As a part of departmental routine, our department guides school students regarding the scope of Biology to high school students. Through this activity our Department increases the interest of the student in the subject of life science. Faculty of our Department explains and demonstrates the origin of planet earth and the origin of life on the earth, classification and identification birds, identification of poisonous and non-poisonous snake's culture of zooplankton information about museum specimen etc.

Outcome-

1. The students are made aware about the higher education.
2. The students will come to know about various courses related to biology after the 12th standard and also after graduation.
3. The students are made aware about endangered species and its conservation.
