All Ladies staff and girl students representative of each year were felicitated along with the resource persons of the program.

Dr..Sadhana Pawar (Gynecologist and Social Activist) discussed that parents keeping silence about sex education can be dangerous as the child will eventually learn about it from its peers and over the internet. Parents are the core people who accompany the child as he/she grows up. They need continuous guiding and counselling. Having open conversion with boys and girls together can eliminate the stigma and mystery of the topic. Teaching them together creates a comfortable space between the genders. Knowing about your sexuality gives altogether a better and productive mindset and relationship in future.

Honorable Dr. K.B. Bhosale (sir) gave presidential remark where he emphasized the importance to know the laws and regulations and women empowerment as need of time. Vote of thanks was delivered by Dr.G.R.Patil chairman Women Empowerment committee. Mrs.Swati Magdum compeered the program.

The objective of the program is to help students understand the body of men and women and improving their attitudes towards sexual and reproductive health behaviours. This mindset will set up a foundation for future development in acquaintance with their friends .

Dr..Sadhana Pawar (Gynecologist and Social Activist) discussed that parents keeping silence about sex education can be dangerous as the child will eventually learn about it from its peers and over the internet. Parents are the core people who accompany the child as he/she grows up. They need continuous guiding and counseling. Having open conversation with boys and girls together can eliminate the stigma and mystery of the topic. Teaching them together creates a comfortable space between the genders. Knowing about your sexuality gives altogether a better and productive mindset and relationship in future.
