Library At a Glance

Sr. No.	Aspects	Particular
	Vision	The Department of Library will expand its leadership role in preparing information professionals to meet the needs of the global information society. LIS graduates will continue to serve as intermediaries between information and information seekers, as well as serve crucial roles in a wide variety of settings with increasingly sophisticated technological tools. The diverse faculty of LIS will contribute individual strengths to increase the quality of teaching, research, and service that will maintain the department as a centre of excellence.
	Mission	• Understand the research, teaching, and learning needs of its users; • Acquisition and conservation of all significant printed and non-print material • Rendering of bibliographical and documents services of current and retrospective material, both general and specialized • Provide access to and promote the discovery and use of local and external information resources. • Create hospitable physical and virtual environments for study, teaching, and research; • And to follow the mission of its parent organization.

What is open access?

Open access is the free, immediate, online availability of research articles and other scholarly materials. It is a concept that has been widely adopted in the field of digital publishing, and it has become a key factor in the success of many open access journals and repositories.
