Dr..Sadhana Pawar (Gynecologist and Social Activist) discussed that parents keeping silence about sex education can be dangerous as the child will eventually learn about it

from its peers and over the internet. Parents are the core people who accompany the child as he/she grows up. They need continuous guiding and counselling. Having open conversation with boys and girls together can eliminate the stigma and mystery of the topic. Teaching them together creates a comfortable space between the genders. Knowing about your sexuality gives altogether a better and productive mindset and relationship in future. Honorable Dr. K.B. Bhosale (sir) gave presidential remark where he emphasized the importance to know the laws and regulations and women empowerment as need of time. Vote of thanks was delivered by Dr.G.R.Patil chairman Women Empowerment committee. Mrs.Swati Magdum compeered the program.

Women Empowerment Committee organised
Extension Activity
On topic
'Women's Safety'
2021-22

Women safety is a topic that is always spoken about. As with the initiative working to reduce violence against women. It is important to recall that effective programs are likely to result in increased report of violence since they encourage more women to report violent crimes because more women will be aware.

“Women Empowerment Committee” organised an extension activity on the topic ‘Women’s Safety’ on 18 March 2022 for the women living in Chinchani (Ambak) village.

The objective of the program was to spread awareness among the women about violence and fear of crime. Violence and discrimination can blight women’s lives and hold them back from playing a full part in the workplace, society and the economy. With these intentions our committee taking action to improve women’s rights and safety in the communities in which we operate. The program was inaugurated by Dr. Sunita Dubal (General Physician) with a tribute to the Rajmata Jijau. After the welcome address by Dr. Gauri Patil. Resource person Dr. Chavan gave knowledgeable talk on “Women’s Safety”. During Talk, she explained even the small things related to Women’s Safety in a very nice way. She explained all details of violence and harassment facing all women’s in society and which awareness should be taken.

Domestic violence can be physical or psychological, and it can affect anyone of any age, gender, race or sexual orientation. Alongside the physical and emotional toll, there is a significant economic impact. Loss of income, absenteeism and a fall in productivity financially impacts individuals and their families as well as society at large. Yet despite these human and societal costs, domestic violence often goes unreported due to fear and stigma.

Mrs. Sandhya Patil did anchoring and Mrs. Rani Khuntale proposed vote of thanks. All this activity was conducted under guidance of Honorable Principal Dr. L. D. Kadam.
